

Eisenhowers Receive Sofa And Silver Tray From White House For 39th Anniversary

President and Mrs. Eisenhower entertained 150 guests, members of the White House staff and their families, at a picnic on their farm Friday afternoon. It was the Eisenhowers' 39th wedding anniversary and their guests presented them with a sofa and an engraved silver tray.

President Eisenhower flew to Gettysburg in a four-place twin-motored Aero Commander arriving at the local airport at 2:07 p.m. Friday. He was accompanied by his pilot, Lt. Colonel Draper, and a Secret Service agent.

When he alighted from the plane the President was in his shirt sleeves. He also wore a vest. He put on a rust brown coat and walked to two unexpected spectators, Timmy Bollinger, two and a half years old, and Dawn Warner, six. He smiled and patted Timmy on the head and said: "Well, hello, who are you, Davy Crockett?" Timmy replied: "Hi, Ike," and Dawn said: "Where's Ike's plane?"

Delayed Leaving Capital
The President, carrying a paper-bound book and a package, was then whisked off to his farm. Some fire police were also at the airport. Eisenhower was delayed leaving Washington by motor trouble. When the repair was completed he took off followed by Secret Service agents in another plane, a twin-motored army ship.

At the farm the President signed an executive order creating an emergency board under the Railway Act to investigate a dispute between the Railway Express Agency, Inc., and members of the International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers of America (AFPL).

Named to the board are Chief Justice Robert G. Simmons, of Nebraska; Benjamin C. Roberts, of New York City, and Prof. Morrison Handsaker, of the department of economics of Lafayette College, Easton. They have 30 days to report. The order automatically sets aside the strike for 30 days.

Picnic On Farm
Two red and white canopies were placed on the lawn in front of the farmhouse for the picnic. The Navy catered the picnic lunch of cold cuts, salad, iced tea, cakes, etc.

The President wore a western style shirt for the picnic and Mrs. Eisenhower wore a pink and white cotton dress.

All the guests were taken through the spacious house where they saw, among many things, the mantle which they gave the Eisenhowers some time ago.

After the picnic the guests returned to Washington and President and Mrs. Eisenhower drove to Camp David where, with six other couples, they will spend the holiday weekend. The President will return to Washington Monday.

About 9:15 o'clock this morning the President and George Allen, a golfing friend, teed off at the Gettysburg Country Club.

MUCH FRUIT AT MART TODAY

Even the farmers who brought the articles to market were impressed by the quantity and quality of food-stuffs offered at the Farmers Market this morning.

With the season well advanced, large quantities of cherries, raspberries, and other articles from the garden, field and orchard were abundant.

Sour cherries continued at 30 cents a quart box, while sweet cherries sold for 40 and 45 cents a quart. Red raspberries started to decline in price, to 25 cents a pint, and black raspberries also were somewhat lower in price than last week, selling variously at 46 and 45 cents a quart.

String beans were available in large supply at 20 and 25 cents a quart and two for 35 cents. New cabbage was 10 and 15 cents a head; rhubarb, 10 cents a bunch; red beans 10 and 15 cents a bunch; onions, 10 cents a dozen; eggs continued at 50 cents a dozen.

Dressed chickens continued at 55 and 60 cents a pound while home made pies were 15 and 45 cents each. Cut flowers and the usual assortment of staple products, potato salad, cottage cheese, cream, butter, etc. were available in quantity at prices that have remained constant for months.

RECORDS SHOW JUNE WAS COOL, WITH MUCH RAIN

June was cool and wet, and almost wiped out the accumulated rainfall deficiency for the current year, according to the records kept at the Arendtsville and Gettysburg weather stations.

At Arendtsville 5.17 inches of rainfall was recorded, 1.29 inches above normal and 4.2 inches above the amount that fell during the extremely dry June of 1954.

The records at Arendtsville show that 20.87 inches of rain have fallen there so far this year, or 7.05 inches more than was recorded during the first six months of last year. That total is 66 of an inch less than the normal amount of precipitation during the first half of the year.

Temperature Below Normal
Arendtsville's 66.38 average temperature for June was 3.72 degrees below normal for the month and 4.27 degrees cooler than the average during May. The average high last month at Arendtsville was 77.3 degrees, the average low was 55.8 degrees. Hottest day was June 20 when an 89 was listed, the coolest night was on June 1 when the thermometer dropped to 46 degrees. Arendtsville had no sunshine at all on four days, but had a total of 234 hours and 45 minutes of sunshine, 52.3 per cent of the possible amount of sunshine during the month.

Gettysburg had 5.29 inches of rain, 1.53 inches above normal, which brought the accumulation for the first six months to 19.30 inches. Normally there is 20.37 inches of rain here up to the end of June.

67.85 Average Degrees
The average temperature in Gettysburg during June was 67.85 degrees, which was 2.55 degrees lower than the normal average of 70.4 degrees for the month.

The average maximum for June was 78.3 degrees, which compares to the average high last June of 84.46 degrees. Highest temperature recorded this last month here was 90 degrees on four days, compared to the scorching 98 that was the top temperature listed in June last year.

The low average here was 57.4 degrees which compares to the 60.2 average minimum in June a year ago. This last month, on June 8, the thermometer never got out of the 50s, there were five days on which the top temperature was in the 60s, nine days when the top figure was in the 70s and 11 days when the maximum reading was in the 80s.

College Graduate Re-Elected By Synod
The Rev. Dr. Martin L. Tozer, superintendent of Home Missions and Rural Church Work of the Central Pennsylvania Synod of the United Lutheran Church in America, was re-elected for a five-year term by the Executive Board of the Synod in session at Harrisburg this week.

Dr. Tozer, a native of Bridgeton, N. J., is a graduate of Gettysburg College and seminary and has served pastorates at Ambler, and Yeaton. His wife is the former Mary Anstadt, native of Chambersburg. Two children, Louise and Martin Jr., complete the family circle.

Youngsters Suffer Fractured Wrists
Larry Dillon, 12-year-old son of Mr. and Mrs. Charles Dillon, 17 Chambersburg St., was treated at the Warner Hospital for a fracture of the left wrist received Friday at 8:30 p.m. when he fell from a swing at the Recreation Park.

Catharine Roth, 11-year-old daughter of Mr. and Mrs. Arthur Roth, Ottomanna, was also treated for a fractured left wrist. She was injured in a fall from a ladder.

COUNCIL MEETS TUESDAY
The monthly meeting of the Gettysburg Borough Council will be held Tuesday evening at 8 o'clock in the engine house.

The Glorious Fourth
It used to be "the glorious fourth." At least it was for me. I'd early wake to celebrate the joy of being free. Before the dawn I'd leave my bed to sit upon the curb; With many a loud explosion's bang the neighbors I'd disturb. I'd let them know that I had bought about two dollars' worth Of sleep-destroying noise to mark our country's date of birth.

I was a patriotic boy and proud to make it known. That love I had for freedom's flag I never have outgrown.

I buy no giant crackers now. The law has banished them. To sit upon the curb no more I rise at 4 a.m. I think I did enough of that when I was seven or eight. But for my country I am sure my love is just as great.

No more I'm glad to risk an eye or hand or fingers burn. The danger of explosive things from pain I had to learn. There's much in life I've given up. A noise I don't enjoy. No man can hope to keep and share the pleasures of a boy. But though I longer lie in bed and quieter would be, Just as it was, this day is still "the glorious fourth" to me.

Miss Pennsylvania Injured In Crash

Barbara Sue Nager, "Miss Pennsylvania of 1954," sustained fatal cuts when the convertible she was driving rammed into a tree in Philadelphia's Fairmount Park Friday.

Miss Nager visited Gettysburg Thursday afternoon and evening as the guest of the Junior Chamber of Commerce, and rode on its float in the Firemen's Parade. The float took a first prize.

Her passenger, Mrs. Faye Benjamin, suffered a leg fracture, severe cuts and head injuries in the mishap. Mrs. Benjamin is the mother of Miss Nager's fiancé, Bert Benjamin.

Park Guards George Boles and Richard Smith said Miss Nager lost control of her car when a cocker spaniel she was taking to a veterinarian leaped onto her lap. The dog was killed in the crash. The front end of the car was badly smashed.

MISSIONARY WILL SPEAK AT LOCAL CHURCH

The Rev. Louis T. Bowers, missionary to Liberia, Africa, who has returned to America on furlough, will occupy the pulpit of St. James Lutheran Church Sunday morning at the 10:30 o'clock service.

Rev. Mr. Bowers was ordained to the ministry in 1937 and since that time has served in the Lutheran mission field of Liberia. During these years he was being supported by St. James Church. He will report on the congregation Sunday morning on the progress that has been made in the mission field the past few years. He and his family will also visit the various departments of the Sunday School, beginning at 9:15 o'clock.

The service on Sunday morning will be in charge of the pastor, Rev. Dr. Ralph R. Gresh. Music will be provided by the summer choir under the direction of Prof. Richard B. Shade. For an anthem the choir will sing "Saviour, Again to Thy Dear Name" by W. Berwald. Mrs. Arlene Shealer will offer as a vocal solo "God Is Love" by Don Humphreys.

START PICKING CHERRY CROP NEXT TUESDAY

With the vanguard of an expected several thousand workers already employed, the county is poised to begin the annual immigration into the orchards to harvest the sour cherry crop.

An estimated 2,000 tons of the fruit will soon be picked by the hundreds of adults and children, and the "big push" in moving the cherries from the trees to the processors and markets will begin, as usual, July 5.

The Fourth of July has for years been the date when the cherry crop has been ready for picking and this year the more than 220,000 cherry trees in the county are well laden with the red-pie fruit.

Many Tour Orchards
Because of the contrast of the bright red sour cherry against the green leaves of the trees tours of the orchard areas about this time of year are beginning to rival the interest shown by beauty-seeking travelers during the blossom season.

This year will mark the first time for many of the cherry pickers that Social Security will enter the picture. Because of the change in the law last year, all of the cherry pickers, like all other farm help, will have to have social security cards when they begin work. Those who earn \$100 during the harvest will receive social security credit, and will have a deduction (Continued On Page 3)

\$133,988 Property Damage
There is one figure, based on police estimates of damage done to the cars. Property damage totaled \$133,988.

The 165 accidents, 13 dead, 160 injured and \$133,988 property loss in the January-through-June period of 1955 compares to the 1954 totals for the same six months: 144 accidents, nine killed, 112 injured and property damage of \$104,380. The 13 killed so far this year compares to a total of 15 fatally injured in the entire year of 1954.

Last month showed an increase in accidents over both June, 1954, and May, 1955. In June there were 34 accidents in which two were killed, 29 injured and property damage totaled \$17,993. In the same month in 1954 there were 21 accidents, two persons were killed, 15 injured and damage was \$10,924. During May there were 31 accidents, none fatal, 39 were hurt and damage was \$20,975.

Made 496 Patrols
State police made 496 patrols during June in attempting to break up "carelessness on the highways" to which they attribute most accidents. They traveled 27,230 miles during the month, spent 359 hours on criminal investigations, 1,771 hours on traffic duty, 1,363 hour station duty and 117 hours on special assignments.

They made 141 arrests on traffic charges, and so far have secured convictions on 121 of those charges. They also made 19 arrests on criminal charges and have secured convictions in 18 cases. During the month they made 13 investigations on criminal charges and recovered \$125 in stolen property.

Sign For Tennis
There have been 10 adults signed for the singles tennis tournament and four for the doubles. The tournaments, scheduled to begin July 12, may be postponed for one week in order to allow more to sign up. As of the present, entrants may sign up until July 8.

Those taking part must provide tennis balls for preliminary events while the Association will furnish the balls for the semi-finals and finals.

Attendance at the Recreation Park during the past week totaled 613, as compared to 557 for the third week of last summer. Threatening weather and the firemen's carnival were believed to have caused the drop in attendance from the previous week total of 784.

WAR AGAINST DRIVERS
Hanover police, who have made 136 arrests during the last 30 days in a war against careless drivers, have charged Philip Hagerman, 19, and Eugene F. Miller, 19, both of McSherrystown, with reckless driving.

Speaks Monday

Senator James H. Duff, of Pennsylvania, who will deliver the Fourth of July address on Memorial Field, college campus, Monday evening. It will be the closing event of the observance of the 82nd anniversary of the Battle of Gettysburg sponsored by the Gettysburg Fire Department.

13 KILLED IN 165 ACCIDENTS IN SIX MONTHS

One hundred and sixty-five times so far this year, state policemen of the Gettysburg sub-station have been called to the scene of an accident.

When they reached the scenes of those crashes, they found 173 injured persons. Thirteen of that group were buried later. Some of the remaining 160, the lucky ones, have recovered from their injuries. Some are still hobbling about on crutches, or are wearing casts until broken bones heal.

Those are some of the details shown by a tabulation of the monthly recapitulations of the local state police activities for the period January through June.

There is nothing on the records to indicate the thousands of dollars the crashes have caused persons to pay in medical bills. There is nothing to indicate the cost of legal actions that have grown out of the accidents. There is nothing to indicate the loss of wages and time.

Wedding Breakfast
Following the ceremony, a wedding breakfast was served at the home of the groom's aunt, Mrs. Francis Chrismer, Bonneauville. Tonight at 8 o'clock, a reception will be held at the home of the groom's parents, after which the couple will leave on a wedding trip of an unannounced destination. For her going away ensemble, the bride will wear a powder blue suit with white accessories, and a red rosebud corsage. Upon their return, the couple will reside at the home of the groom.

The bride is a graduate of Gettysburg High School, Class of 1954, and the groom is a graduate of Delone Catholic High School, Class of 1954. He is presently an employee of Norman Little, as a plasterer.

Out-of-town guests were from Mt. Rock, McSherrystown, Hanover, Littlestown, Fairfield, and Biglerville.

Bible School To Have Commencement

Commencement Exercises for the Daily Vacation Bible School of the First Baptist Church of Gettysburg will be held Sunday evening at 8 o'clock at the church. Each department will be represented in the program, and the students will receive Certificates of Completion.

The school concluded its two-week session Friday. Rev. Herbert N. Brownlee, pastor of the church, was dean of the school, heading a staff of ten. Sixty-three children were enrolled.

MARRIAGE LICENSE
A marriage license has been issued by the clerk of courts to Robert Duane Overly, Hanover, son of Mr. and Mrs. Ernest O. Overly, Mt. Pleasant, Pa., and Phyllis Elaine Sheets, daughter of Mr. and Mrs. Lewis W. Sheets, Hanover.

Americans Enjoy July 4th Because Brave Men Signed Declaration 179 Years Ago

The Fourth of July, formally known as Independence Day, is, in theory, a holiday observing the signing of the Declaration of Independence. But in the course of the past 179 years, so many other meanings and traditions have been attached to it, that many sometimes forget this origin.

The Fourth of July has come to mean many things to many people. To the housewife, it means that summertime is in its full flush, and that soon it will be time to worry about fall housecleanings and fall fashions.

To most workers, it means a three-day weekend this year, an extra day's vacation. A man may use it creatively or waste it foolishly, but it is his to waste—a break in the routine of regular labor that somehow makes the whole routine easier to bear.

To the schoolboy, it means that a part of his summer vacation is over, and that all too soon it will be time to return to his lessons. If September means a new school or new classmates, he may be looking forward to it. But he won't admit it.

To many, it means loading the family into the car and heading out for a picnic in the country, or to a distant town to visit relatives.

To highway officials, it means that several hundred people will be dead before this, the saddest weekend of the summer, is over. Despite inspections of cars and drivers, despite modern scientific traffic methods, and despite ceaseless warnings, the death tolls mount with agonizing regularity.

But this is not just any town. This is Gettysburg, populated not only with normal people, but also with history. So the Fourth of July (Continued On Page 10)

COUPLE WED IN XAVIER CHURCH THIS MORNING

This morning at 9 o'clock in the St. Francis Xavier Catholic Church, Miss Charlotte Elsie Hewitt, daughter of Mr. and Mrs. Clarence A. Hewitt, Gettysburg R. 5, became the bride of Ramon John Neiderer, son of Mr. and Mrs. John A. Neiderer, Littlestown R. 2. Rev. Fr. Anthony F. Kane officiated at the nuptial mass.

The altar was decorated with mixed flowers. The bride wore a white Chantilly lace gown over slipper satin, designed with a strapless bodice, with a matching white lace jacket, featuring sleeves that tapered over her wrists. Her fingertip veil fell from a net crown, and she carried a colonial bouquet of white carnations and red roses. The maid of honor, Miss Janet M. Neiderer, Littlestown R. 2, wore a ballerina-length gown of pale pink net over taffeta and a shoulder length veil. She carried a colonial bouquet of white carnations and pink roses.

Three Bridesmaids
The Misses Shirley A. Hewitt, R. 5, a sister of the bride; Dorothy A. Chrismer, R. 5, and Gloria A. Neiderer, Littlestown R. 2, a sister of the groom, were the bridesmaids. Each wore a gown similar to that of the maid of honor, in shades of powder blue, orchid, and yellow. They also wore shoulder-length veils trimmed with flowers and carried colonial bouquets of white carnations and rosebuds to complement their gowns.

William Chrismer, Bonneauville R. 5, a cousin of the groom, was the best man. Robert McMaster, Hanover, and Thomas Orndorff, Bonneauville R. 5, were the ushers. Miss Patricia Sanders, Gettysburg, was the organist, and played the traditional Rossini wedding music. Before the ceremony, Miss Sanders played "Ave Maria," "O Lord, I Am Not Worthy," and "Panis Angelicus."

The bride's mother wore a navy blue linen dress, with matching lace jacket, with white accessories, and the mother of the groom wore a navy nylon dress with white accessories.

The bride is a graduate of Gettysburg High School, Class of 1954, and the groom is a graduate of Delone Catholic High School, Class of 1954. He is presently an employee of Norman Little, as a plasterer.

Out-of-town guests were from Mt. Rock, McSherrystown, Hanover, Littlestown, Fairfield, and Biglerville.

Many Offices Will Be Closed Monday

Today marked the start of a long weekend for many counties, and the start of their busiest season for others.

Most business places, industries, banks, court house, post offices and other establishments will be closed on Monday, July 4. For those engaged in the tourist trade the three days, today, Sunday and Monday are expected to provide one of the largest visitations of the year.

Following a custom of more than a half century The Gettysburg Times will not publish Monday, July 4, it being one of the three holidays of the year on which the paper is not published. The other two are Thanksgiving Day and Christmas.

Two Brothers Are Home On Leave

The two sons of Mr. and Mrs. Raymond C. Goodermuth, 33 York St., are home on leave from the Armed Forces. A/C Raymond C. Goodermuth Jr., arrived Friday on a weekend pass. He is stationed with the Second Bomber Wing of the Strategic Air Command at Savannah, Ga.

Cpl. Terry Goodermuth arrived early this morning on a 20-day leave. He is stationed with the Fourth Marine Corps Regiment at Kaneohe, Hawaii.

"Took A Nap"
THUNDERSLAY, England (AP)—Mrs. Albina Campbell, 101 years old, fell into a ditch while taking a short cut through the woods and lay helpless 20 hours. Found unhurt today by a police search party which hurried her home to bed, she said: "I just tipped my hat over my eyes and took an afternoon nap. Then I lost count of time."

Lost: Light yellowish-green parakeet in vicinity of Seminary Ave. Anyone who has found or seen this parakeet, call 876-W.

Present Fairfield Feature Today

The 30th annual Fairfield Firemen's Carnival and Homecoming will be held next week, Monday through Saturday, at the Fairfield fire house and community center.

All of the rides, entertainment, band concerts and other activities that have become traditional for the event are scheduled again for this year.

Various church groups are planning to serve special meals each evening of the event. Stories and advertisements concerning the annual event may be found on pages 6 and 7 of today's editions of The Gettysburg Times.

PLAN TO ERECT GAR MEMORIAL HERE NEXT YEAR

The Sons of Union Veterans and other allied national GAR organizations plan to dedicate a statue of Albert Woolson, last surviving member of the Grand Army of the Republic, on the Gettysburg Battlefield in August 1956, according to reports presented Friday evening at the meeting of Gettysburg Camp No. 112, SUV, in the GAR rooms on E Middle St.

Chester S. Shriver, delegate from the local camp to the State SUV convention, and who was named junior vice commander of the state unit, said that it is planned to place a bronze statue of Mr. Woolson on a marble base near the Minnesota Monument in the Bloody Angle area on the Battlefield.

Memorial To GAR
The statue is to be erected as a memorial to the Grand Army of the Republic, the organization of the Union Veterans of the Civil War.

Shriver also reported that efforts are being made by a committee from the Sons of Union Veterans to have the SUV and the Sons of the Confederacy simultaneously name President Dwight D. Eisenhower as an honorary member of both organizations as a symbol of the union of the north and south. The action will require amendment of the constitutions of both national organizations which have never previously allowed honorary memberships. Shriver said that there was "a good chance" that the plan can be successfully carried through.

A resolution of regret in the death of past commander Harry E. Koch was passed.

Maj. Gen. A. H. Stockpole of Harrisburg will be invited to speak here on November 19.

Arrangements were made for formal presentation of the rifles of the United Spanish War Veterans post here to the SUV camp on August 5 at the GAR rooms.

COUNTY COUPLE IS HONORED ON ANNIVERSARY

Mr. and Mrs. Mervin McCauslin, Biglerville R. 1, were guests of honor, on the occasion of their 50th wedding anniversary which they will observe July 6, at a surprise gathering at the Wensville Lutheran Church Friday evening. More than 100 relatives and friends attended the affair. The party included seven children, fourteen grandchildren and most of the great-grandchildren. The couple received a photograph of the Last Supper. A bouquet of assorted gold flowers was a gift of their grandson and wife, Mr. and Mrs. Jack McCauslin.

It has been the custom of the Lutheran Sunday School at Wensville to honor all members celebrating their Golden Wedding Anniversary.

The McCauslins were married in Arendtsville, July 6, 1905, by Rev. Koser, pastor of the Lutheran Church at that time. The groom, who is 72 years old, had been engaged in farming most of his life. He retired in 1954. Mrs. McCauslin is 67 years old. Both are enjoying good health.

The seven McCauslin children were present, the first time they had been together in 20 years. They are: Mr. and Mrs. Glenn McCauslin, El Paso, Tex.; Mr. and Mrs. Clive McCauslin, Los Angeles, Calif.; Mr. and Mrs. Donald Rice, Landisburg, Pa.; Mr. and Mrs. Lee McCauslin, York Springs; Mr. and Mrs. Jay McCauslin, Harrisburg; Mr. and Mrs. Marlin Taylor and Mr. and Mrs. Sterling McCauslin, Biglerville R. 1.

HELD IN WOOD ALCOHOL CASE

N50 wyffezce ny-jh37aed 2 — PHILADELPHIA (AP)—A 25-year-old sheet metal worker was charged with manslaughter last night for allegedly furnishing wood alcohol for a weekend party which killed five persons, including his mother.

Detective William Hill said William F. Cook and three companions drained a quantity of methyl alcohol from a parked tank truck last Saturday night. Hill said Cook and the three others, John Brennan, 38 James Dobbins, 28, and James Peak, 33, took the wood alcohol in gallon jugs to the home of Cook's mother and stepfather, Mr. and Mrs. Thomas Farrell, where they and others consumed a large quantity of the poison. Hill said some diluted it with water, which may have saved their lives.

All were made violently ill. Both Farrells, Brennan Dobbins and Peak died Sunday either at the scene or later in the hospital.

Officers Installed By Fire Company

Francis L. Klunk was installed as president of the Conewago Lions Club at a Ladies Night dinner-meeting Wednesday night in the McSherrytown Fire Company engine house. He succeeds Edward A. Poist.

Other officers inducted by Dr. Gerald Krepps, past president of the organization, follow: Lewis J. Klunk, first vice president; F. Joseph Sneringer, second vice president; Cyril T. Noel, third vice president; Donald H. Klunk, treasurer; Larry Topper, secretary; T. J. Neiderer, tall twister, and E. A. Adams, Lion tamer.

Dr. R. J. Wetzel, Hanover, was guest speaker. He and other guests, including the Rt. Rev. Msgr. Patrick F. McGee, pastor of the Annunciation Church, McSherrytown, and the Rev. Dr. George E. Bowersox, pastor of St. Paul's Lutheran Church, McSherrytown, were introduced by Cyril T. Noel, master of ceremonies.

Charge Two 12-Year Old Boys In Drowning

PHILADELPHIA (AP)—Two 12-year-old boys were held on a homicide charge and turned over to Youth Study Center officials today in connection with the drowning of two other boys.

The pair, held yesterday for a trial, were identified as Theodore Armprister and Joseph Ryan. They were accused of pushing Ellis Palmer, 10, and Adolph Sinco, 13, into the Schuylkill River and then taking a bicycle belonging to young Palmer.

FALSE ALARM

Gettysburg firemen were called Friday evening about 8 o'clock to a fire reported near Keckler's Hill, but the call was cancelled before firemen left the borough. They were recalled after the engines had started for the scene through the fire department-CD radio.

This cleared up considerable mystery that started when it was revealed the Doyle's coffins were to be removed from the estate at Windlesham to London's East End. Miss Doyle said she arranged for the exhumation after consulting her brother Adrian, a well-known explorer now in Portugal.

May Be Cremated

"We have not made complete arrangements yet," Miss Doyle said, "but there is a possibility that the bodies will be cremated and, with the ashes of my brother Denis put in a more permanent family resting place."

Denis, a noted big game hunter, died last March at Mysore, India, at 45.

Sir Arthur died at 71 in 1930. His wife, Lady Doyle, who died 10 years later, was buried beside him in the garden of the family estate. Their graves became a shrine for spiritualists as well as for Sherlock Holmes devotees. Adrian Conan Doyle once said his mother was comforted in her long final illness by what she believed to be spirit messages from her husband.

A real estate agent said today the family plans to sell the estate, retaining a cottage near where the graves were located.

WARN DRIVERS TO BE CAREFUL OVER HOLIDAY

Thousands of Pennsylvanians jammed highways, bus depots and railway terminals yesterday and today to observe the July Fourth holiday weekend at resorts and other places of amusement.

The weather picture was slightly on the gloomy side as far as family picnics and jaunts to the country were concerned. Although temperatures remained in the high 80's and above, the forecast called for a chance of scattered afternoon and evening showers over the next three days.

With a wary eye on past statistics, safety officials, automobile clubs and many public service agencies warned against speed, carelessness and other causes of accidental death or injury over the holiday.

"GOD WILL HELP"

With the help of God I journey . . . on the rocky road of life . . . whether it brings joy or strife . . . just so long as God is with me . . . I find hope beyond compare . . . even when my weight of trouble . . . is a heavy one to bear . . . often as I travel onward . . . things occur that get me down . . . then I pray to God, the Father . . . who erases every frown . . . mortals such as I are helpless . . . unless God is close at hand . . . so I open my heart's portal . . . asking Him to understand . . . through my prayers I am rewarded . . . with the faith to journey on . . . for my God is there to guide me . . . when all worldly friends are gone.

34 PRESENT AT MEETING OF LADIES' AID

Twenty-four members and ten visitors were present at the June meeting of the Ladies' Aid Society of St. John's Lutheran Church, held Thursday evening at the home of Mrs. William J. Lippy, Littlestown R. 1.

Mrs. George Trump, president, was in charge of the program, assisted by Mrs. Edwin L. Harget. The program included a song service; Scripture lesson read by Mrs. Trump; prayer, Mrs. William C. Karns; selections by Mrs. Martin Koons, on the accordion, and Miss Patsy Lambert, on the saxophone, both of Taneytown; readings by the members; Lord's Prayer in unison; group singing of "Blest Be The Tie."

The business session was conducted by Mrs. Trump. A report was heard from Mrs. Harget, secretary. The birthdays of Mrs. Preston Clouser and Mrs. Noah Strevig were noted. The guess package, contributed by Mrs. John Moudy was received by Mrs. Charles Shoemaker. Plans were made to hold the next meeting on Thursday, July 28 at the home of Mrs. Raymond Reinaman, Littlestown R. D., with Mrs. Reinaman, Mrs. Kenneth Miller, Mrs. Edwin Harget and Mrs. Oliver Erb serving as hostesses. The program will be in charge of Mrs. Lippy and Mrs. Karns. During the social hour which followed the Thursday meeting, refreshments were served to the group by Mrs. William Lippy, Mrs. William Shadle, Mrs. Wilbur Hollenshead and Mrs. James Dutter.

A club assembly will be held at the meeting of the Littlestown Rotarians on Tuesday at 6:15 p.m., at Schott's Hotel. The newly appointed committee of the club, together with the committee chairmen, will meet to plan programs for the Rotary year.

A prayer meeting will be held on Tuesday evening at 8 o'clock in the Southern Methodist Church.

The July meeting of the Ladies' Aid Society of St. James' Reformed Church, along the Harney Rd., will be held Tuesday evening at 7:30 o'clock at the church.

St. James' Consistory will also hold its monthly session on Tuesday at 7:30 p.m., at the church.

The Mite Society of St. Paul's Lutheran Church will hold its July meeting Tuesday evening at the cottage of Mr. and Mrs. Walter Groce, along the Conewago. Nail Punctures Hopes For Steak Dinner

RICHMOND, Va. (AP) — E. L. Clements was almost ready to sit down to a free steak dinner. But one rusty nail punctured his hopes.

Clements, safety chairman of the department of public works, has a standing promise from his chief of a steak dinner when he guides the department through an accident free month. He was doing fine, too, up to the last few days of the month. Then, fate intervened. A workman stepped on a rusty nail.

Result: One accident. No steak.

Many Harvest Crop
For numerous youngsters this summer will mark their first of a life time of payments to Social Security in return for survivors and old age benefits in later life. Orchard owners report a good rivaling last year's excellent crop. National reports also show large crops elsewhere.

Possibly the majority of the county's cherry pickers are youngsters who find the harvest an opportunity to turn their school vacations into cash. Some entire families help to harvest the crop. A number of men time their vacations from their regular work to work the cherry harvest.

HARRISBURG (AP) — The state Highways Department received these unofficial low bids yesterday for road improvement projects in these counties:

Adams and York—Construct 3.16 miles of roadway along Rt. 194 in Union, Conewago and Penn Twp., L.M. Hutchinson Mount Union R.D., \$453,543.

Chester—Improve 2.14 miles of Rt. 30 in the city of Coatesville and Valley and Caln twps., Collins and Maxwell, Inc., Easton, \$159,186. Allegheny and Beaver counties—Resurface and improve 5.03 miles of roadway along Rt. 51 in Moon, Crescent and Hopewell twps., Allegheny Contracting Industries, Inc., Pittsburgh, \$409,226.

Philadelphia and Montgomery—Construct 85 of a mile of roadway along legislative Rt. 46116 and 46119 in Philadelphia, Cheltenham Twp., James D. Morrissey, Inc., Philadelphia, \$247,980.

Jefferson—Construct 27 of a mile of roadway along legislative Rt. 59 in Brockway borough, Frank Bryan, Inc., McKees Rocks, \$56,678.

Russia Retains Rowing Trophy

HENLEY-ON-THAMES, England (AP) — Russia retained one of rowing's glamor trophies today when the Krylia Club defeated the Leander Club of London in the finals of the Steward's Cup competition. The Russians won by three lengths.

The steward's cup is competed for by rowers. The Russian time for the 1 mile, 550 yards of the Henley course was 7 minutes, 40 seconds.

Expect Agreement In Chile Strike

SANTIAGO, Chile (AP) — Interior Minister Osvaldo Koch said he predicted an end today of the strike by 60,000 government public service employees which has forced a state of emergency in parts of Chile.

After a long conference last night with strike leaders Koch said he was confident a friendly settlement would be reached today. But the government still ordered reserve troops to active duty, reinforcing local garrisons.

President Carlos Ibanez declared the emergency yesterday when workers in the government-owned railway, streetcar and bus systems and postal and telegraph departments walked out, demanding wage increases and extra compensation to offset rising living costs.

Five Construction Jobs Given Okay

WASHINGTON (AP) — Five construction and four planning projects are involved in the Senate Appropriations Committee's approval yesterday of 56½ millions to plan and build flood control and navigation projects.

The construction projects are: Bradford \$500,000; Johnsonburg \$396,000; Swoyersville - Forty Fort \$400,000; Williamsport \$278,000; Presque Isle Peninsula \$600,000. Planning: Delaware River, Philadelphia to Trenton, N.J. \$100,000; Allegheny River Reservoir, N.Y. and Pa. \$100,000; Monongahela River Dam \$50,000; Kettle Creek Reservoir, \$40,000, and Reynoldsville \$37,000.

Senate Approved Military Program

WASHINGTON (AP) — The Senate has given a voice-vote approval to a global military construction program of \$2,357,317,000.

Covered by the bill approved yesterday were these Pennsylvania projects:

Army General depot, New Cumberland, \$568,000; Frankford Arsenal, Philadelphia, \$855,000; Tobyhanna signal depot, \$649,000. Navy: Marine Corps clothing depot, Philadelphia, \$30,000; receiving station, Philadelphia, \$1,428,000; hospital, Philadelphia, \$60,000. Air Force: Greater Pittsburgh Airport Coraopolis, \$404,000; Olmstead Air Force Base, Middletown, \$21,264,000.

RADIO BIRD

MISSOULA, Mont. (AP) — Police answered a woman's call that a Mexican talking prowler was rapping on her roof. The foreign talk was coming from a parked car with its radio tuned to a Mexican radio station. The rapping? A woodpecker was pecking at the roof shingles.

SHOOTS WIFE AND SUICIDES

SHREVEPORT La. (AP) — A 43-year-old Shreveport man who "wanted to prove he had guts" shot and killed his wife last night and committed suicide in a drive-in theatre.

Coroner Dr. Charles S. Boone of Caddo Parish identified the couple as Guy Thomas Penny and his 37-year-old wife Evelyn. Dr. Boone termed the shooting a murder-suicide.

An unsigned note found in Penny's shirt pocket said that "everyone I worked with talked about me not having enough guts . . . so who has more than this?"

Penny blamed the talk on marital difficulties and trouble with his wife's relatives who "interfered with my family ever since we were married."

The note also said another man's attention to his wife drove Penny to the murder-suicide.

The couple had been married 20 years. They had no children.

GETS DIVORCE TO JOIN MARINES

CINCINNATI (AP) — Walter Sheets outmaneuvered the Marines by getting divorced.

The 24-year-old Portsmouth, Ohio, resident wanted to rejoin the corps. But Marine regulation ban the reenlisting of a man with dependents. And Sheets had four—his pretty wife, Nancy Ann, 22, and their three children, Vickie, 4; Steffi, 2, and Tommy, 6 months. He had little trouble persuading Nancy in getting a divorce until he was back in uniform. She agreed.

"What he wants, I want," she said.

The Scioto County Common Pleas Court ended their marriage last Friday. Yesterday, armed with his divorce papers and his ex-wife, he reenlisted in the Marines for four years.

The couple will be remarried within a few days, they said. And Nancy added she will join her husband-to-be wherever he goes.

Woman Is Own Mother-In-Law

HOUSTON, Tex. (AP) — As nearly as Crime Prevention Division officers can figure out, a 50-year-old woman is her own mother-in-law.

She is also the grandmother and the stepmother of two children. Her situation resulted when she married her daughter's ex-husband.

She had already taken the two children, born of the earlier union, into her home to rear.

The woman complained that one of the children ran away to join her real mother. She asked police to help recover the girl.

Police, confused, they said, after considering the various angles, referred her to a lawyer.

JOHNSON LAUDS COURT DECISION

ATLANTIC CITY, N.J. (AP) — A prominent Negro educator says the U.S. Supreme Court decision on segregation in public schools "is the most important governmental decision regarding the Negro people since the Emancipation Proclamation."

"If it is carried out to its fullest consequences," said Dr. Mordecai Johnson, president of Howard University, "it will be one of the most shining victories in American Democracy."

Dr. Johnson spoke last night before the National Sunday School and Baptist Training Union Congress, which is holding week-long sessions here.

"For the first time since slavery," Dr. Johnson added, "the Supreme Court applies to segregation itself the most basic and significant moral principles underlying the Constitution of the United States."

He said the decision is "being followed gladly in many states . . ." Dr. Johnson, who heads the Negro college in Washington, D. C., was honored by the Congress along with 11 other national leaders for outstanding achievement.

SHOPPERS SEE STORE HOLDUP

LONG BEACH (AP) — Shoppers in a supermarket encountered an unwanted thrill yesterday as a gunman robbed the proprietor of \$3,600 in cash and \$66,000 worth of blank traveler's checks.

The loudspeaker in the market blared the announcement that the place was being held up by six men "who are among you on the floor."

"Don't anyone make a move or it will be your last; stand by for further instructions," said the announcement.

Actually, it was a one-man hold-up, said police who later arrested Jack A. Merritt, 26, a former employee of the market.

Officers said Merritt would have made his getaway but for the alertness of a cab driver, Herbert E. Scofield, who saw him fleeing, gave chase, reported the progress of the chase by radio to his dispatcher, who gave it to police. As the fleeing man tried to change from one car to another, officers arrested him and recovered the loot.

"I was \$1,000 in debt and this looked like a good way out," police quoted him. He was booked for investigation of armed robbery.

Miss Mary Louise Wentz Weds Rev. O. Garfield Beckstrand Here On Thursday Afternoon: Miss Mary Louise Wentz, daughter of Rev. Dr. Abdel Ross Wentz president of the Gettysburg Lutheran Seminary, and Rev. O. Garfield Beckstrand II, son of Rev. Dr. and Mrs. O. Garfield Beckstrand, of Rockford, Illinois, were married Thursday afternoon at 4 o'clock in the Church of the Abiding Presence, Seminary Ridge.

Rev. Dr. Wentz, father of the bride, read the nuptials of the double ring service of the Lutheran Church, assisted by the father of the bridegroom, Dr. Beckstrand. The bride was given in marriage by her brother, Rev. Frederick K. Wentz, of Culver City, California.

Growers Agree Not To Sell Cherry For Home Canning: A special meeting of the Adams County cherry growers and fruit buyers was held at Biglerville Thursday night. Acting upon urgent requests from the War Food Administration, the group resolved to reserve the entire cherry crop for commercial processing because cold weather damage and cherry leaf spot have reduced the crop to 35 per cent of normal and rendered the quality unsuitable for domestic processing and consumption.

The War Food Administration has asked all cherry growers to reserve their remaining crops for processing for the armed forces. The assemblage, presided over by John Peters, of Gardners, president of the Adams County Cherry Growers, agreed to discourage private buying of orchards and farms by individuals from neighboring cities.

Sixth Lions Club Formed At Fairfield: The organization of a Lions club in Fairfield—the sixth in Adams County—was disclosed at a meeting of the clubs of District 14C at the Penn-Harris Hotel, Harrisburg, Tuesday.

Today's Talk

THAT VACATION

Everyone, of course, puts his own interpretation on what a vacation really is. I like the dictionary explanation that it is a vacation of whatever your work may be, and getting away from it. It's the period between when you stop your regular work and your return to it.

I like the meaning of a vacation to include a regular washing out of the mind and heart, and the filling of the days and weeks away with every possible joy and experience. A vacation should be as near unlike your way of life at home as possible — new met friends, new scenes, new surprises, a spell away from noises and the confusion of the city — these should inspire a happy and profitable vacation.

Everyone needs a vacation; there are few super persons in the world; we all need change of scene and faces. Oh, yes, I have heard the line: "But I can't afford to take a vacation; I have so much to do." Well, you better afford it, unless you prefer to be booked for the grave. A happy vacation can change one's entire life — it has done so time and time again.

Arrange for a vacation out of doors mostly — take a motor trip, but take great care; drive carefully and considerately; make the road itself a part of your destination; respect all road signs — they are put there for your own protection.

The planning of a vacation can be a big part of the fun of going away. Keep a daily diary — it will bring back pleasant memories in years to come; learn all you can about the place where you may be located; be friendly and helpful where you can; lift people and make yourself good for them.

Many of the best friends I have, I met when on a vacation — this may be possible for you. If near the water, take care as to exposure to the sun; doctors agree that too much is injurious, too little is not enough! Wherever you go may it be a wonderful place and may you be happy there, returning to your home enriched!

Just Folks

PICNICS

Far from the crowded street,
To share the breeze
On holidays the families meet
Beneath the trees.

The cares of age are put aside,
The children play,
Tables and benches occupied,
The laughter gay.

A picnic! The equipment placed
Where needed then,
Just things with which the
world is graced
By thoughtful men.

Table and bench and grate and
fire
In parks displayed,
Thus closer to mankind's desire
The world is made.

REPORT ONLY 23
HOLIDAY DEATHS

By THE ASSOCIATED PRESS

Only a scattered number of accidental violent deaths were reported today as the nation's three-day celebration of the Fourth of July holiday got under way.

By Saturday morning, only accidental 23 deaths had been reported since 6 p.m. Friday. There were 13 traffic deaths, 5 drownings and 5 deaths from miscellaneous causes.

The National Safety Council has estimated that 380 persons will be killed in highway accidents by Monday midnight. Drownings and violent deaths from miscellaneous causes will swell the toll.

In the nonholiday weekend June 17-20, an Associated Press survey showed 342 persons died in traffic accidents, 111 drowned and 62 met violent deaths from miscellaneous causes—a total of 515.

623 Killed
The three-day Fourth of July holiday last year took an overall toll of 623 lives—348 in traffic, 192 drownings and 83 in other accidents, including four fireworks deaths.

The record overall toll for any Independence Day holiday period was set in the four-day holiday in 1950 when 792 perished.

The National Safety Council estimates that 40 million automobiles will be on the highways during the holiday period. The period of greatest peril is near the end, when motorists, tired from hours of travel, are returning home on crowded highways.

Fireworks deaths have dwindled sharply in recent years. Various states prohibit their sale. In 1953, fireworks killed 466 persons and injured 3,363.

ACTRESS DIES

PLAYING LEAD

LOS ANGELES (P) — Veteran Broadway actress Isabel Bonner died last night in the midst of a scene on the stage of the Carthy Circle Theater.

The curtain was rung down immediately. The audience at the theater where she was playing the female lead in "The Shrike" didn't know what had happened until Stage Manager Henry Staudigl told them she was dead.

Miss Bonner was 47. Staudigl said he believed a heart attack caused her death.

She was playing a hospital scene with male lead Dane Clark in the first act when she suddenly fell forward on the bed where Clark was supposed to be a patient.

Clark leaned forward and put his arm around her. "Ann, speak to me," he interpolated into the dialogue. "Is something the matter? What's wrong, darling? I love you."

Then he realized something was wrong. He turned to the wings and said: "Bring down the curtain."

Mother Kills Self
On Second Attempt

NEW YORK (P) — A mother of two, thwarted in one attempt to leap from a tall office building, killed herself a short time later.

Mrs. Doris Blake, 36, of Wadsworth, N.Y., broke away from building employees who yesterday pulled her back from the 31st floor ledge of a financial district skyscraper. "I've got an appointment," she told them and ran from the building.

Three blocks away she rode to the 55th floor of another building and plunged from a window to a 32nd floor setback.

Neighbors in Wadsworth on Long Island reported she is the wife of a bank employee, has two children and recently suffered a nervous breakdown.

SOLON ACCEPTS
TIMES' WORD

WASHINGTON (P) — Sen. Eastland (D-Miss.) says he accepts the New York Times' word that no security violation was involved in his publication of a story during the Korean War that the U.S. Air Force was using F86 Sabre Jets.

Eastland, chairman of the Senate Internal Security subcommittee, said late yesterday the group never has made "any such charge," but that "I am glad to make this statement in the interest of complete fairness."

The story was written in 1950 by Charles Grutzner, a Times reporter, who acknowledged at a subcommittee public hearing Thursday that he had been a Communist party member from 1937 to 1940.

Grutzner was among a dozen former employees of the now-defunct Brooklyn Eagle who were named by CBS newsmen Winston M. Burdett as people he knew as fellow Communists in 1937-1940. Grutzner testified he became fed up with communism and quit just before joining the Times staff.

Eastland indicated in his questioning of Grutzner he felt that the story disclosing U.S. Sabre Jet planes were in action in Korea had been helpful to the Communists, but the newsmen and the Times said the Pentagon had cleared it for publication.

Some people, children and adults, tend to use mirror writing — writing as the words would appear on a blotter.

SAYS CONGRESS
WILL BACK IKE

WASHINGTON (P) — Rep. Vinson (D-Ga.) predicted today Congress soon will give President Eisenhower "the kind of (military) reserve program he wants."

Vinson, chairman of the House Armed Services Committee, said in an interview he expects "no trouble" in the Senate for a measure to swell the nation's 700,000-man reserve to a trained force of 2,900,000 by 1960.

Sen. Russell (D-Ga.), chairman of the Senate Armed Services Committee, said a subcommittee soon will begin hearings on the bill.

Breaking a six-week impasse over an anti-segregation proposal, the House passed the bill yesterday by voice vote.

In an earlier key vote, Republicans and Southern Democrats combined to defeat a new effort by Rep. Powell (D-NY) to bring about racial integration in the National Guard. The Powell amendment went down on a 156-105 standing vote.

The measure would set up a new six-months training program for teen-age volunteers who would be obligated to serve 7½ years' reserve duty, but would escape the two-year draft.

It also provides that reservists failing to maintain prescribed training standards could be recalled for 45 days' active duty.

Vinson called it a "good strong bill, the kind the President wants."

Wage Talks Resume
With Copper Firms

DENVER (P) — Wage talks resume on a limited scale today as both federal conciliators and union spokesmen expressed doubt a strike of three of the nation's largest copper mining firms would be settled before late next week.

Because few of the properties involved normally employ work shifts on a six-day week, full effect of the strike is not expected to be felt until Tuesday after the long Independence Day weekend.

Spokesmen for the International Union of Mine, Mill & Smelter Workers' Ind., whose entire membership of 50,000, to 60,000 workers is poised for a nationwide strike, said full scale negotiations are not to resume until Tuesday.

The small game season will begin at 9 a.m. and every day thereafter during the season hunting will be legal from 7 a.m. to 5 p.m.

30th Annual Fairfield Firemen's Carnival, Homecoming Opens Monday

Variety Of Attractions Will Be Available Says Edgar M. Glenn, Chairman

Final plans were completed this week for the 30th edition of the annual Homecoming and Firemen's Carnival at Fairfield.

This year the program will be held July 4, 5, 6, 7, 8 and 9 and as usual attendance is expected to number into the thousands before the yearly festival closes late next Saturday night.

Edgar Glenn, general chairman for the fete, said the Inners Amusement Co., of York, will furnish the mid-way including a ferris wheel, a kiddie ferris wheel, kiddie boat ride, kiddie auto ride and similar mechanical devices to entertain both young and old.

Popcorn, French fries, candied apples, cotton-candy, potato chips, snow balls and similar confections will be offered. There will be dart game, gun gallery, balloon pitch, high striker and similar mainstays of festivals and carnivals.

Homecoming Is Feature

An outstanding feature of the annual event has been the presence of persons who take advantage of the period to return to visit their native community. The homecoming angle of the annual carnival has been emphasized as an outstanding feature of the program for many years.

For most of Fairfield the "July 4th" carnival is not only a time for gaiety and activities, but also a period for recalling the history of the community where 92 years ago Confederates retreated through the

town on July 5 after the bloody battle nearby that wrecked the Confederate hopes and cause.

To help the recollections of resident and visitor, there are markers in the borough telling of the incidents. One marker, on the present telephone exchange building, tells of the death of a wounded soldier there.

Fairfield's carnival is unusual because it combines, both the old and new.

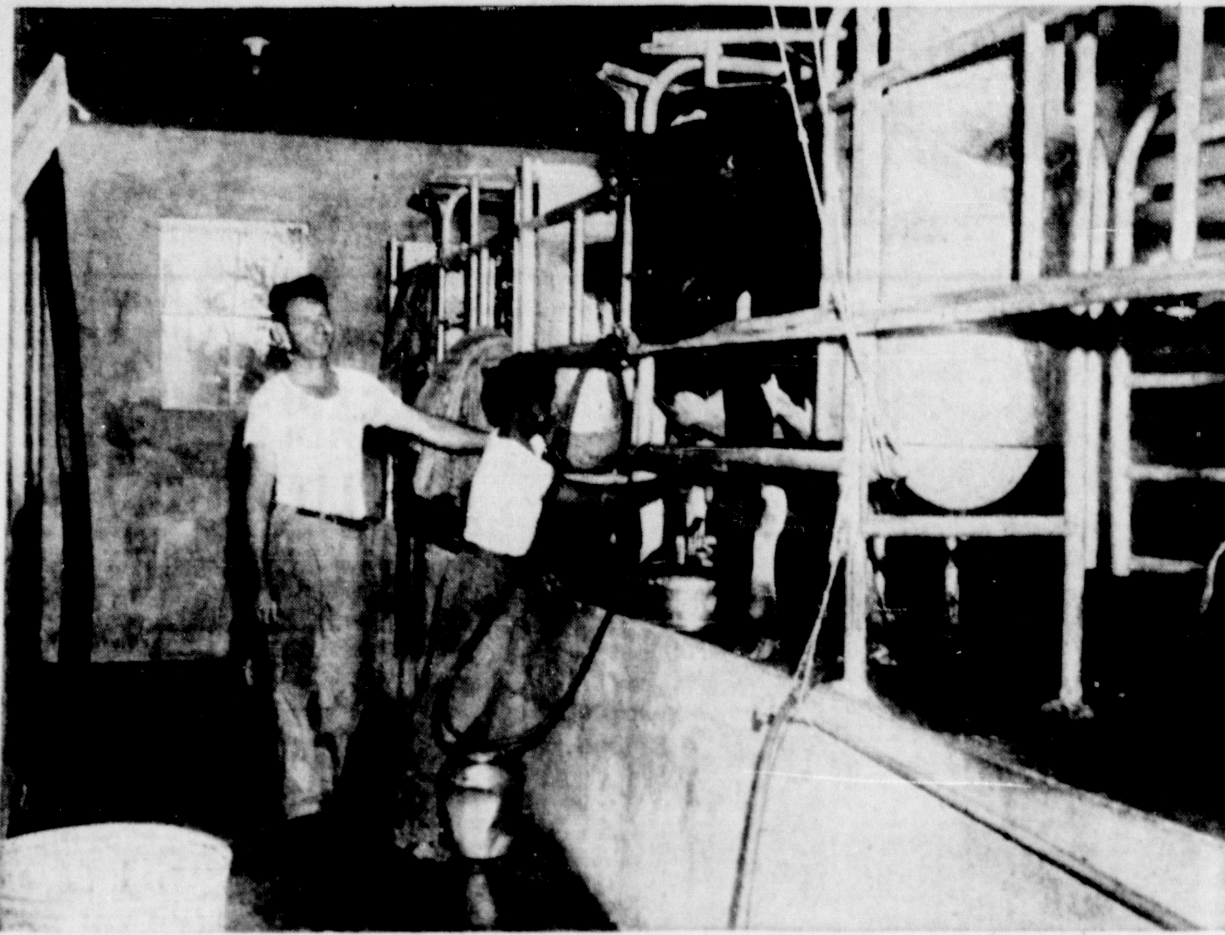

Will Serve Meals

Dinners served by various groups and band concerts have long been a feature of the programs. Monday evening, July 4, the ladies of Zion Lutheran Church will serve a baked ham dinner starting at 4 o'clock. That evening the York Springs High School band will present a concert.

Tuesday evening the ladies of St. Mary's Catholic Church will serve a ham platter featuring "Snitz and Knapp."

Wednesday evening the Ladies Auxiliary of the Fairfield Fire Company will serve chicken and waffle platters and the Emmitsburg Municipal band will furnish the music.

On Thursday, July 7, members of the Fairfield Mennonite Church and the Lower Marsh Creek Presbyterian Church will take over the kitchen and dining room and serve hot and cold sandwiches, soup, cake and pie. That evening the

Rai Kinkar Choudhury, an International Farm Youth Exchange student, spending six months in this country, finds the milking machines at the farm of William Rombin, Fairfield R. 2, interesting. Rombin, whose family Choudhury resided for the last month, is supervising the efforts of the young farmer from India to use the mechanical means of milking the cows on the Rombin dairy and general crops farm.

Indian Farmer Would Like To Take Milking Machine Home

Rai Kinkar Choudhury manages a 500-acre farm in India, but he would like to borrow William Rombin's milking machines when he returns to India next fall.

Choudhury, one of four young farmers from India in Adams County under the International Farm Youth Exchange program, spent June with the Rombin family on Fairfield R. 2, and, as shown in the accompanying picture, the 20-year-old Indian found milking machines at the Rombin farm fascinating.

In his native India, Choudhury has 30 cows on the 500-acre farm he manages, but he has no milking machine.

A resident of Balarampur, Balarampur Colony, Murshidabad District, W. Bengal, India, Choudhury is a son of Mr. and Mrs. Ram Ranjan Choudhury. He is the only boy in a family of four. He speaks English fluently as well as Bengali and Hindi. He is working toward his degree in farming at Calcutta University.

Irrigates Part

All of his 500 acres are tillable and 200 of them are irrigated, and since his arrival in Adams County in May he has been finding much interest among the farmers here in irrigation. Major crops on his

Fairfield High School Band will play. Friday evening, July 8, the ladies of the Mt. Hope Church will serve roast beef platters. Entertainment will be by the Littlestown High School band.

Baseball Game Monday

A fried chicken dinner prepared by the St. John's Reformed Church ladies will be served Saturday evening. The Biglerville High School band will entertain that evening.

In addition to the regular menu, soups, hot and cold sandwiches, pies and cakes will be on sale each evening in the dining room.

Another feature of the program on July 4 is the annual baseball game. Monday afternoon the contest will be between Fairfield and Union Bridge in a Pen Mar league game on the carnival grounds. Fireworks are another feature of the celebration and the firemen have them scheduled for several nights of the program.

farm are paddy rice, wheat, jute, oilseed and sugarcane. On wheat and livestock he can compare methods used on his own farm with the methods used here. His livestock includes 46 bulls, 30 cows, and a number of horses and goats.

His hobbies are football and hockey, and next fall he hopes to see how Americans play his favorite game. A "captain" in the co-operative multi-purpose society in Balarampur, he is finding much interest in attending meetings of agriculture groups here to see how they operate.

And since his special interest is in teaching farmers modern ways, he has been finding his visit in Adams County "right up his alley." The trip provided an opportunity to see the various ways in which farming is carried on here, and the educational programs for the farmers.

Rombin Delighted

The Rombins, with whom Rai resided in June as a member of the family, found the experience "delightful. We hope he can come back again." Mr. and Mrs. Rombin operate a 140-acre dairy and general crops farm.

They were the second county couple with whom Rai has resided since his arrival in the county. This month he will move on to a third family, and then at the end of July, will, with the other three young Indian men, move to farms in Indiana for a three-months stay before returning to India.

Baby Falls Into Well; Recovers

CRYSTAL LAKE, Ill. (AP)—A 3-year-old boy was recovering today from the ordeal of plunging 60 feet into the icy waters of a well and floating there face up and unconscious for 45 minutes.

Little Kenneth Stoer's body temperature dropped far below normal but was back up to 92 degrees last night—24 hours after his rescue.

Frederick Stoer, a farmer in Crystal Lake, 30 miles northwest of Chicago, missed Kenneth at bedtime Thursday night. He found the cover off a well 100 feet from the Stoer home and, peering

CARNIVAL IS GOOD BOOSTER FOR FAIRFIELD

The annual Fairfield July 4th homecoming and firemen's carnival began 30 years ago when a group of Fairfield citizens felt the need for more modernized fire equipment to protect the community, and decided to hold a carnival to raise funds to secure such equipment.

The idea seemed to please the community generally, then others added the idea of a homecoming and the Fairfield carnival-homecoming came into being.

Through the years it has grown until it has become one of the outstanding events in Adams County and has spread the fame of Fairfield far beyond the borders of the county.

Through the years the carnival has changed in detail without changing in character.

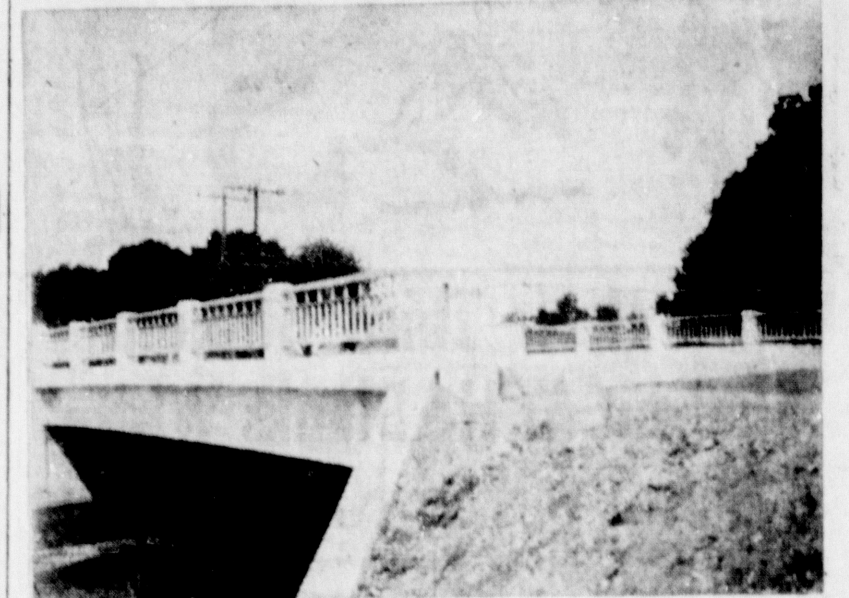

Housed In Tents

Originally it was housed in about 20 tents, including a "big top." Entertainment ideas have also changed somewhat over the years. An article printed 25 years ago at the fifth annual fair had this to say about the musical program offered "For the young and those who feel young, nightly dancing with modern music and its fast tempo is offered in the I. O. O. F. Hall. For those whose feet do not quicken to the jerky notes of modern jazz, but who find the tantalizing strains, that old-time fiddlers bring from violins as ancient as themselves, irresistible, there are square dances every night with music by some of the best old-time fiddlers in the East in the main tent of the festival grounds at the public school where a new floor, 60 by 40 feet, has been laid these years. These square dances, beloved by the old for their stateliness and by the young because of their oddness and the unforgettable exhilaration that comes from dancing them, are expected to attract hundreds of couples every night."

Continue Search For Missing Fliers

TOKYO, July 2 (AP)—The search for two missing Marine fliers dragged into its sixth day with no sign of either man today.

Capt. H. P. Montague of Jackson, Miss., and 2nd Lt. David Winston Bell of Wayzata, Minn., were presumed drifting helplessly on life rafts in the fog off Japan. Their Marine Sky Knight jet ran out of gas in fog Sunday night.

The Marines said it was believed Lt. James R. Day of Minneapolis went down with his helicopter when it crashed in the sea Wednesday in the search. Three crew mates were rescued.

The body of a second Marine lost in the search was found yesterday beside the wreckage of his P-40 on Oshima, an island 65 miles south of Tokyo.

HONEST DELAY

DETROIT (AP)—Ralph Bennalack told a Traffic Court judge that the policeman-witness was absolutely right; he gave Bennalack a ticket when he saw Bennalack walking against a red light.

But the charge was dismissed, after the defendant explained: "I started across on the green light all right, but for some reason I'm just not as fast as I used to be." Bennalack is 91.

Thousands Are Expected To Attend Annual Celebration All Next Week

Frank M. Moore, Fairfield Carnival Veteran, Liked 'em Better When 'Under Canvas'

Frank M. Moore always enjoys the Fairfield firemen's carnivals, but he liked them better when they were "under canvas."

"In the early days, it was a real carnival," he says. "Nearly everything was in the tents. We had a Big Top, and maybe seven or eight smaller tents. It added to the carnival spirit." The tents were done away with when the present Community Hall was constructed, "about fifteen years ago."

Another thing that Mr. Moore misses are the union religious services which were held under the Big Top Sunday morning during the week of the carnival. "All the different groups would get together, the Methodists and Catholics and Reformed and the rest, in one community-wide service. But they stopped holding those after the first couple of years."

He remembers that first carnival, held in 1926, quite vividly. He was publicity chairman that year. H. L. Harbaugh was the general chairman, the late Millard Stoner was president of the fire company, and the late P. S. Pentz, secretary. S. L. Allison was fire chief.

Organized In 1921
The Fairfield Fire Co. was first organized in 1921, with the Rev. R. W. Baker as president, the late R. S. Reinhold as secretary, and Mr. Allison as fire chief. The carnival was decided upon as a method of raising money, "for general equipment," according to Mr. Moore. It was understood at that time that the affair would become an annual one, and it has. The carnival has been held every year since 1926, this year's being the thirtieth. Neither the depression, wars or bad weather could cancel it.

Mr. Moore remembers one year, "I think it was 1929, when it rained and rained and rained, but a good time was had by all anyway. Only

the ground was dampened, not the spirits. That year we continued it for a day or two extra, after the rains had stopped."

One tradition which has been kept up is that of a homecoming at carnival time. "That first celebration was a Firemen's Carnival and Homecoming, you know. We had everybody write to as many Fairfield people who had moved away as they could think of, inviting them back for that week, and what a crowd we had! Hundreds came back, from Baltimore and Philadelphia, and West Virginia and everywhere. Since then we've never sent out invitations, but as many people as possible try to come back for a homecoming during carnival week."

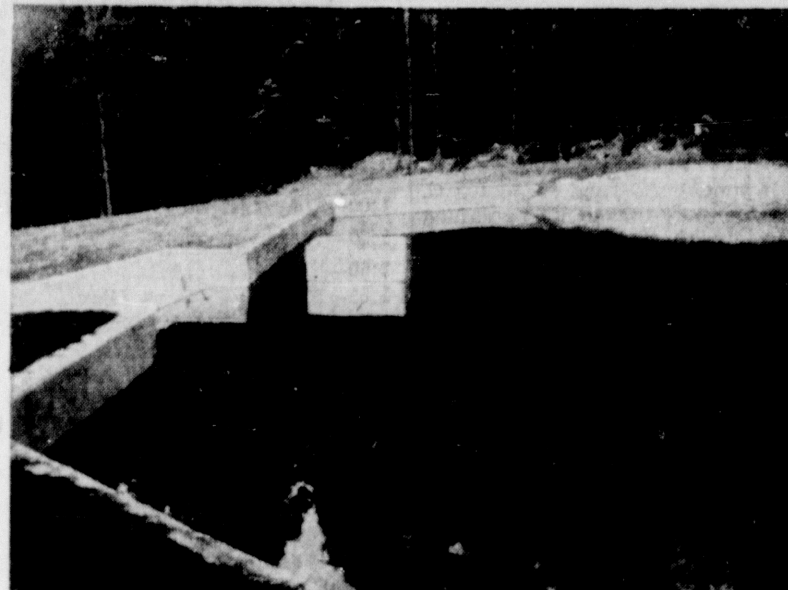

"Some Dandy Parades"
"We had some dandy parades in those early years, too, but we haven't had one of them for about ten years. We have had a children's parade for the past few years, with prizes given for impersonations and such. Another thing that has become a tradition is the special edition of the 'Times' that comes out for the carnival."

Mr. Moore worked on the carnival committee for thirteen years, and he has been to every carnival held in Fairfield. He always enjoys them, but there has never been a carnival to equal that one back in '26, for him. "It's not safe to make comparisons, but as a social matter, I would regard that first one as the best of all."

He will be going again this year, and, he hopes, for "a number of years to come."

Modern students believe that the oracle at Delphi in ancient Greece was an institution built around a natural gas leak.

Among the Tuaregs, a nomadic people of the Sahara desert, the men wear veils, although the women do not.

One of the biggest improvements in Fairfield during the last year is the construction of the borough's water system. Shown is a view of the spillway at the impounding dam on the reservoir constructed by the Fairfield authority above Iron Springs on Jack's Mountain. Pipelines carry the water to Fairfield for distribution to the homes and business places there. The purification plant for the water is located near the road in Iron Springs.

AMVETS PICK CHERRIES TO PAY FOR FARM

The Fairfield Amvets have purchased a farm to develop into a post home and now have found themselves in the orchard business.

The 53 members of the organization headed by Commander Joseph Sebald last week purchased the Dale Rider farm along the Fairfield-Gettysburg Rd. about a mile east of Fairfield.

Possession of the farmhouse could not be given immediately, but the vets found themselves with the remainder of the farm including four acres of cherries that were just about ready for harvest. Arranging to sell the cherries to the C. H. Musselman Co. the members turned out Thursday morning and afternoon to harvest the crop. Officers of the club explained that proceeds from the crop "will help pay for the farm."

May Build New Home
Working in groups, the members "borrowed" pick-up trucks from members of the two-year old organization and turned them into

impromptu orchard trucks. Other members with larger vehicles hauled the ripe cherries from the orchard to the processing plant.

For some of the members, picking cherries was a brand new task and as they carried ladders about through the orchards and clambered up into the trees they received good natured "joshing" from members who have from time to time previously engaged in handling the county's expanding cherry production.

The Amvets, made up of veterans of World War II and the Korean War, plan to use the Rider home as a meeting place until some future date when the organization can build a new home on their new property.

Plan Recreation Area
The Rider family will reside in the farm house until August, but in the meantime the Amvets plan to begin work on the farm turning it into a recreation area not only for the organization but eventually, they hope, for the Fairfield community.

The group will hold its shooting matches on the farm this year starting in September. Previously the matches, which have proven popular last year, were held near the Indian Trail III, where the organization has been holding its

MANY PERSONS DEVOTE TIME TO CARNIVAL

Arrangements and handling of a program as extensive as the annual Fairfield Carnival and Homecoming calls for hard work over a long period of time by a number of people.

Edgar Glenn heads the general committee for the program.

Co-chairman of the affair is Paul Myers. Sub-committees in charge include: games: Raymond Miller, Walter Warren and James Kane; refreshments: Clarence Wilson, William Schultz and Clyde McClain; hot dog stand: Thomas Newman and William Newman.

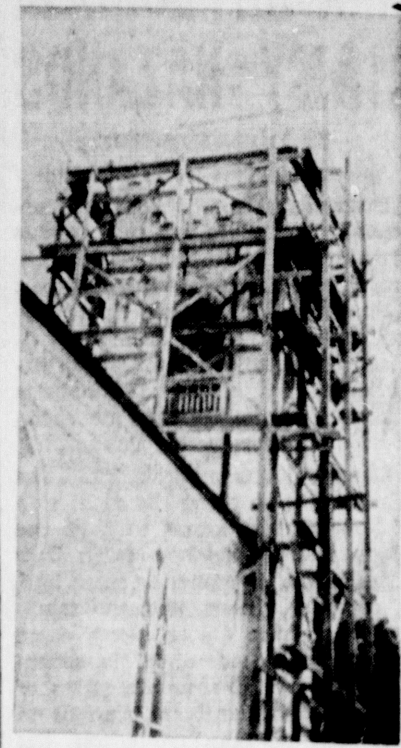

Games: Francis Herring, Francis Schultz and Clyde McGlaughlin; kitchen: James Donaldson, Cleason Herring and George Steinberger; rides: Luther Kepner, Howard Reinhold, Glenn Kepner and Kenneth Deardorff; books: Warren Donnelly and Paul Myers; advertising: Jacob Byers, James Weikert and Clarence Wilson; entertainment: George Inskip and J. The following solicitors have been named: Zora Road: Kermit Spence, James Kane, Glenn Sanders and Harvey Sanders; Furace to Borough Line: Paul McGlaughlin, Richard Orner, Dale Shultz and William Iser; Station: Harry Kane, Merle Kittinger, Merle Weikert and Edgar Glenn; Main St. (West end): Douglas Johnson, Glenn Kepner and Francis Schultz; South St.:

meetings.
A baseball field is to be constructed, according to present plans, and there will be an area for picnicking and, perhaps, some playground equipment, if all goes well.

Eventually the Amvets also hope to organize a drill team to take part in the various events of the community.

While carrying on its program of development of the farm property, the organization also plans to strengthen the local participation in the nationally recommended activities of the Amvets in promoting scholarship, patriotism and similar activities.

Zion Lutheran Church, Fairfield, is undergoing extensive renovation, painting and modernization. Scaffolding on the steeple for the workmen engaged in repainting and renovating the church is shown above.

REPRINT OLD MOORE POEM

Thirty years ago, the first year the Fairfield Carnival and Homecoming was held, Miss Daisy M. Moore wrote a poem that has been a treasured keepsake in many Fairfield homes. It was printed then in The Gettysburg Times.

It is reprinted as follows:

Close to the foot of the mountains you lie,
Flanking the road where the world passes by,
Drawing your name from the fine nearby plain
Smiling with graces and fertile with grain.

History lingered to knock on your door,
Heard in your streets were the echoes of war,
Nursed were wounded that fell by the way
Whether the suits were navy or gray.

Fairfield, your sons and your daughters have gone
Where purpose beckons or work must be done
Ambitions lead and they go forth to do
Ever with hearts that are loyal to you.

MAMIE GETS NEW CHARM FOR HER BRACELET

WASHINGTON (AP) — A tiny 14-tarat bangle shaped like a kitchen cabinet has been added to Mamie Eisenhower's famed charm bracelet, already jingling with scads of interesting mementoes of friendship and esteem gathered over the years.

The new charm was a gift from the wives of the Little Cabinet (undersecretaries and assistant secretaries). It was presented at a luncheon given in conjunction with another recently organized group called "Independent Wives" (women whose husbands are heads of government independent agencies and departments).

It was a festive affair, gay with spring flowers and strolling musicians, and the First Lady seemed to enjoy herself. She even made one of her rare speeches, telling the ladies how delighted she was to be there and how wonderful it was to see her friends and how "deeply touched" she was at the honor bestowed on her.

Mrs. Orme Lewis, wife of the assistant secretary of the interior, presented the little gift, especially designed by a New York jeweler. She said: "with our admiration and loyalty, and most of all, our great pride in you as the nation's First Lady."

Dressed in Frock Mamie was dressed in a rustling new full-skirted spring frock of navy taffeta dotted with green and magenta, magenta gloves and magenta-trimmed bonnet of a lighter shade of tulle. She almost walked to her place at the E-shaped table in the ballroom of the Officers Club at nearby Fort McNair.

College Seniors Are Gourmets For A Day

WILLIAMSTOWN, Mass. (AP) — Each of 100 seniors who eat at the Williams College dining hall has one gourmet meal during the year. Sydney M. Chisholm, director of dining halls, started the program with the cooperation of chef Ugo Schiappa and baker William Pratt.

Each Wednesday there is a special table for eight. Such things as baba au rhum, oysters on the half shell, frog legs Provençal, baked boneless quab stuffed with wild rice, bisque tortonia and crepe suzettes are some of the items that have been served.

Chisholm says studies and appetites fail off during the year and the special meals are a stimulant for students. No extra charge is made and the idea has proved popular.

Television May Solve Teaching Dilemma

DETROIT (AP) — The University of Detroit's president says closed-circuit television may offer a solution to skyrocketing college enrollments and a shortage of teachers. "As realists," says the Rev. Celestin J. Steiner, S.J., "we must be convinced that we will never be able to cope with the challenge of swelling enrollments ahead if we adhere to present conventional teaching methods. There simply won't be enough competent teachers."

this floor, not walk down it," the First Lady exclaimed.

Spring hats, the perennial navy and gray of the season in taffeta and tweeds, and mink stoles in shades ranging from silver-blue to black, were worn by the prominent guests who gathered first to exchange greetings in a friendly "half hour of sherry" which preceded the luncheon.

ZIPPER CAN BE MAJOR PROBLEM MANY HAZARDS

By DOROTHY ROE
Associated Press Women's Editor

Even experienced home seamstresses sometimes run into trouble when it comes to doing a smooth, professional job of inserting a zipper. Pinning and basting a zipper before stitching takes time. Here is a suggestion to speed up zipper insertion, using transparent cellophane tape to hold the zipper in place, instead of pins or basting threads.

The technique is simple. First, run a strip of tape along the right side of your opened seams to hold the edges firmly together (with raw edges turned in along the seam line, of course). Second, turn the fabric and place the zipper along seam line on wrong side of fabric, securing with several crosswise strips of tape. Third, using the zipper foot on your sewing machine, stitch the zipper on the right side, stitching right over the tape, and presto—a perfect placket.

Besides speed, there are several good reasons for securing zippers with cellophane tape. Since there is so little handling of the fabric, the seams do not get stretched and the zipper will not pull out of shape. When the zipper is stitched, it lies

Hot Time At River Bridge In Virginia

WEST POINT, Va. (AP) — The traffic tie-up at the bridge over the Pamunkey River was a heated affair.

The temperature was 90 degrees. A boat totted its horn. The bridge tender tried to raise the drawbridge. The heat-expanded beams jammed. Highway traffic piled up at either end. Men with blow torches shaved off bits of the expanded beams in an hour and fifteen minutes. Highway and river traffic resumed. Driver temperatures subsided.

flat and smooth. With this technique, it's simple to insert a zipper even in such difficult fabrics as satin or velvet.

Careful With Zipper

Local sewing center experts remind you to be careful about selecting the right zipper for your purpose. Zippers come in lengths from 4 to 36 inches, suitable for anything from a dainty blouse to a heavy lumber jacket. Be sure you have a swatch of your fabric along when you buy your zipper, to be sure of perfect color match in zipper and thread.

There are other uses for cellophane tape in your sewing room, too. Use a piece to secure the loose end of thread on a spool. Use it to hold together leftover scraps of fabric. Use it instead of pins in any fabric where pin holes will show. Use it, too, instead of basting plastics, where a pin

hole may cause the plastic to tear. And, after a sewing session, use it to wrap around side out around your hand to remove bits of thread and lint from your clothes.

Says "Cowpunchers" Never Rode Range

DALLAS, Tex. (AP) — Know the difference between a cowboy and a cowpuncher? Brand inspector C. F. Barby of Kansas City explained it at a cattlemen's meeting.

"In the days when men riding the train with cattle carried a lantern and a prod, they punched the cattle back to their feet with the prod when the stock lay down or fell."

Consequently, the men who rode the cattle cars became known as cowpunchers. A cowboy, then and now, herded cattle on the range.

MAN WITH A GUN

TUCUMCARI, N. M. (AP) — An alert service station officer phoned ahead to state police that two men, one of them armed, were heading their way. A roadblock was set up, and the car stopped. Cautiously, officers moved up on it. There sat Detective Chief Frank Stephenson of Albuquerque, his pistol at hand. He was taking a prisoner back to Albuquerque.

Automobile Driver Can Be Judged By Observing How He Handles Engine, Eyes Gauges

By FREDERICK C. RUSSELL

In spite of all the white lines on the highway some drivers seem to be able to leave plenty of black marks.

Few drivers realize it but experts can get quite a line on one's ability as a car operator simply by observing how he handles the engine. If, for instance, the driver tries to get going and is surprised to find that the engine has stalled, it is evidence that he doesn't watch the instrument board gauges. When the engine is running pressure always shows on the oil pressure gauge. The ammeter also is in action. On cars which do not have a pressure gauge or an ammeter red lights flash when the motor has stalled or is idling too slowly for comfort.

Some operators will try to make the engine drive the car when it is suffering from incorrect carburetor mixture or faulty ignition. That is, they will put the car in gear or set the selector lever for the automatic transmission and then press on the accelerator when the engine isn't running well enough for powering the car. Before the motor is put to work it should be running smoothly with no gailling to indicate an over-rich mixture, no popping back through the carburetor to prove under-choking, and no skipping as evidence of "flash-over" or high-tension current on wet (from condensation) exposed ignition parts.

MAIN LINER—Giant swan made of artificial flowers and mounted on a river boat floats down the Main River in Frankfurt, Germany, to advertise an Austrian flower festival.

ist. Typical is the balance spring for the lid of the luggage compartment. Before this came into the picture you had to lift the lid way up and hope it would catch.

It Can Be Done

If the crankcase oil drain plug has been overtightened it is possible with some cars to remove the plug and retap the hole to take a larger size plug, without taking down the oil pan. It is done in some cases by using a thin slotted wedge and driving it under the plug head in the oil pan. It is a good sample of the tricks that can be used to save time and trouble in these days when there is enough to do without having to fuss overtime with such problems.

Now that the industry has gone into colored tires many are asking what the next move will be in the pursuit of the automatic rainbow. Convertible tops have been in color for some time, and we've had a variety of shades of glass to keep up with the Easter egg hues for car bodies and interior trim. Is there something they have overlooked? Even teenagers are of all color schemes, mostly homey. The steering wheel rim matches the dash. Even some brake shoe return springs are painted red for identification. What next?

Even gasoline is given color for identification, and one of the special lubricating oils is purple. Antifreeze is largely in two popular hues.

Toward Better Braking

Power brakes have been effective in checking some of the noises which develop where brakes are not operated wisely by the driver. Such noises include grunting and squealing. They usually are due to the driver not being deliberate enough with his braking. He handled the brakes with just a bit too much reserve, just as he often "babies" the clutch. He gets the same sort of results—chattering and noise. On downgrades power helps prevent brake fade because the car slows down faster, and that means he need

not keep the brakes working long enough to create heat and to expand the drums away from the shoes.

Q. There's smell of raw gasoline in my car under certain conditions with no evidence of leakage under the hood. It is worse when the tank is more nearly full, but there's no spillage at the gas tank filler pipe. J. L. G.

A. The trouble here is with the tank's vent. Have the vent capped and drill a hole in the cap. Gasoline actually is spilling out the vent. Q. What can be done to check creeping? I have had the engine's idling speed lowered as much as possible, but if it is low enough to check creeping with the automatic drive in "D" then the engine is inclined to stall. W. L. G.

A. You can have an addition to the car's hydraulic braking system whereby the car can be held braked automatically. The brakes release the instant you press the accelerator.

Q. Should kerosene be used to flush the engine? N. T. H. A. This isn't advisable. You will find that if you use detergent oil and drain every thousand miles the engine will keep clean. If your engine requires regular oil just put in a few quarts of very light regular and run the engine until it starts to warm up, then drain and refill with regular oil of the grade suitable for this time of year.

Q. I am told that if the car's front end is out of alignment the front tires will be worn through scuffing. Is this true? K. W. S.

A. If there is 1/4 inch too much toe-in or toe-out the front tires will be dragged as much as 87 feet per mile. That will give you a good idea of how fast they will wear.

Q. The engine of my car has developed a knock since replacing the timing chain although every care was taken to do the work properly. One mechanic who has checked the engine says that the noise is due to a bad valve. H. N. B.

TEARS APPEAR FIRST AT AGE TWO MONTHS

By DOROTHY V. WHIPPLE, M.D.

The Associated Press

Newborn babies cry, but they do not cry tears. It is not until a baby is 2 or 3 months old that you see big drops welling up in his eyes and running down his cheeks when he is unhappy. It is then that you find puddles of tears in his ears.

Before you see tears, however, the eye is kept moist with a scanty flow of tears. Tears are formed in a special gland in the far corner of each eye. The clear fluid flows across the eye and is drained off through a duct at the corner of the eye, near the nose. This duct leads down the nose and then through the bone to the inside of the nose.

Tears are formed in small amounts all the time. This is the way the eye is kept normally moist.

After about 2 months of age the tear glands will work overtime when the baby is distressed and crying. It will produce more tears than can be drained off through the duct, so that tears overflow the eyes and roll down the cheeks.

Tears Too Soon
Sometimes in young babies the tear gland will start making lots of tears before the duct is open wide enough to drain them off. If this happens you will notice that the baby's eyes water, and you find tears on his face even when he is not crying.

More often than not, you will notice this in one eye and not the other. Usually, if you just leave it alone, the duct will open by itself after a few months.

A little gentle massage of the eye helps. Start at the far corner of the eye and rub your finger across the baby's eye just under the eyebrow. Do this several times a day. The massage helps to break up any little hardened secretion in the duct and makes it easier for tears to flow through.

If after some months the baby's eyes continue to water and tears flow down his face when he is not crying, it may be necessary to have the tear ducts probed. This is a highly skilled job and should only be done by an eye doctor. The baby has to be given a general anesthetic for this procedure.

Eyes Look Red
During the first few days after birth the baby's eyes often look a little red and swollen. This is due to a slight irritation from the drops the doctor puts into the baby's eyes at birth. A slight redness of the

World's Smallest Daily Paper Grows

TRYON, N. C. (P) — The Tryon Daily Bulletin, which for 27 years has called itself the world's smallest daily newspaper, will be enlarged.

The title may hold good, however. The new size will be 8 1/2 by 11 inches — the size of a business letterhead. The paper has been 4 1/4 by 7 1/2 inches.

Seth M. Vining, editor and owner, established the Bulletin Jan. 31, 1928, "with a shirttail full of type and an old broken-down job press."

GARDENING IS LATEST FASHION IN WASHINGTON

WASHINGTON (P) — There are almost as many "green thumbs" as politicians in the nation's capital. In fact many of the politicians putter in their gardens. Realtors say that next to a room large enough for entertaining, most local home-buyers seek a plot of garden.

The growing interest in growing is evidenced in the crowded calendar of spring garden tours, the feverish year 'round activities of Washington's 78 individual garden clubs, the thousands who jammed the fifth annual National Capital Flower and Garden Show held recently at the armory.

Pretty Pat Nixon, wife of the vice president, who cut the white satin ribbon opening the flower show, said she was thrilled to find the tulips she planted in her suburban

garden during the first week of life is nothing to worry about. If the irritation persists, however, or if there is pus in the eyes, the doctor should see the baby.

After the first week of life any irritation of the eyes should be called to the doctor's attention. Pus in the eye means an infection and should be treated by the doctor.

garden coming up on her return from her recent good-will tour of Latin American countries with her husband.

Mrs. Nixon, who subbed for Mrs. Eisenhower who was ill with the flu, "Oh-ed and Ah-ed" with the rest of us as she toured the two-acre fairland of flowers. She was pinned with a large spray of white orchids. She was presented also with a bouquet of roses, an armful of lilacs and some of the exotic bird of paradise, 100 plants of which had been flown here from her native California.

She was especially interested in the surprise "Mamie Garden" set up by the Allied Florists of Greater Washington in honor of the First Lady.

Enthusiasm And Hard Work
Washington socialites and government workers joined in enthusiasm and plenty of hard work setting up the garden exhibits and floral decorations, most of them bringing prize blooms from their own gardens.

Further evidence of Washington's increasing importance in gardening circles is the admittance of four local clubs to the exclusive Garden Clubs of America organization which used to think of the capital as merely a "transient town and not important enough" to be considered for membership. Its officers state it has a large waiting list and its policy has been to admit about only one club in the country a year. Founded in 1913, it still only has 158 clubs on its roster.

A recent survey shows that every third car on the road needs repairs on a part that involves the safety of passengers and pedestrians. You must have your automobile inspected and approved.

PRICE OF STEEL IS INCREASED \$7.50 PER TON

PITTSBURGH (AP)—U. S. Steel Corp., which granted an average 15 cent an hour wage boost to its employees to break the back of a nationwide steel strike, is boosting prices about \$7.50 a ton.

Big steel's action came shortly after it ended the shortest walk-out in the industry's history in a compromise agreement with the CIO United Steelworkers.

Within a few hours after the 12-hour strike ended yesterday all of the industry's "Big Six" had followed the leader in agreeing to the pay boost. They are Bethlehem Steel Corp., Republic, Jones & Laughlin, Youngstown Sheet & Tube and Inland Steel.

The companies indicated they, too, will follow big steel in marking up prices.

As a consequence, consumers soon will pay more for the countless products made from steel.

Clifford F. Hood, U.S. Steel president, said the 5.8 per cent hike—which will put a \$132.50 price tag on a ton of basic carbon steel—wasn't entirely the result of the wage increase.

Taxes Are Higher

Hood said other factors are involved, such as increased taxes and new construction.

While jubilant steelworkers were returning to the mills union officials stood by to get more contract signatures. They indicated they would have no trouble with any of the 96 companies in the industry which employ 600,000 USW dues payers.

Pittsburgh Steel was among the companies which agreed to the new pact last night.

There was an air of urgency to sign. None of the companies seemed to want a moment wasted in their efforts to get their mills

glowing again. Profits have been high this year, orders are rolling in, and almost everyone predicts record production through at least the remainder of 1955.

Reason For Break

That was one reason, perhaps, why the strike was the shortest in the industry's history.

As the midnight Thursday strike deadline approached, USW President David J. McDonald and Vice President John A. Stephens of U.S. Steel were so close to agreement that McDonald declared the dispute was almost settled. As negotiations resumed yesterday it took just a short time to get the final details ironed out.

McDonald had asked for a "substantial" wage boost for the men who averaged \$2.33 an hour. He flatly turned down a 10-cent an hour wage hike.

As the negotiations progressed toward the strike deadline the union chief was reported to have submitted a package proposal amounting to 31 cents an hour, which included a 16-cent-an-hour wage boost demand.

The union, winding up with an increase of slightly more than 15 cents an hour, got a contract from U.S. Steel which provides a flat 11½ cent an hour increase with the highest paid men to get a 27 cent an hour hike.

The contracts with other companies are similar.

Despite the short length of the walkout it will cost the steel companies several million dollars because they had to gradually cool off furnaces and slow production as the strike deadline approached.

UNPLANNED TEST

JEFFERSONVILLE, Ind. (AP)—Mrs. Mary Etta Higbie, 63, flunked her driving test before she took it when her car crashed into the license bureau building an hour before it opened. She arrived early to prepare for the test.

Aside from her shaken nerves, there was little damage and she says she will try again. They didn't tell her that the official who gives the driving tests didn't show up that day anyway.

Americans

(Continued from Page 1)

has not only the usual meanings, but also a special set.

This is the 92nd anniversary of the Battle of Gettysburg, and tourists will jam the area by the thousand. To restaurateurs, hotel and motel operators and Battlefield Guides this means a lucrative week-end.

But other townspeople regard it with mixed feelings. To borough workers it means one more putting up and taking down of the flags and bunting, as they did for Memorial Day and the United Spanish War Veterans convention. To National Park employees it means cleaning up "on the morning after," and hoping that no serious damage has been done.

To borough police, it means the headaches of funneling the swollen traffic from federal and state highways, plus normal traffic, through the streets of town.

End Of Carnival

To everyone connected with the Gettysburg Fire Department, it means the end of the annual carnival. To the Fairfield Community Fire Company, on the other hand, it means the beginning of their carnival week.

With so many items demanding attention, one must be forgiven if he ignores the handful of men whose signing of a manifesto so many summers ago has changed the course of world history.

Modern philosophers may challenge the logic of the Declaration; historians may argue over the justification of the revolt; psychologists may probe the inner motives of the signers.

But none of this detracts from the wonder of the Declaration: that these men were so devoted to the cause of American independence that they risked, as they phrased it, their "lives, their fortunes, and their sacred honor" to advance it.

"Those Who Dared"

These men, farmers, merchants, and lawyers, were revolutionaries and, in the eyes of many, traitors to the British crown. They violently overthrew the existing government. They could have been hanged, and they knew it.

But they felt that their cause was so justified, and the advantages so desirable, that they dared. John Hancock signed the Declaration in a large hand, "so that King George can read it without putting on his spectacles."

That their gamble paid off, with

SPARERIBS AND SAUERKRAUT VARY D.C. FARE

By JANE EADS
WASHINGTON (AP) — After dining on caviar, pheasant en plumage, truffle trifles, curry concoctions and other such exotic fare, the season "round, some Washington party-goers are looking forward to the spareribs and sauerkraut served up by Iowa's Republican Senator and Mrs. Bourke Hickenlooper.

It's not that the much-traveled senator, a member of the powerful Foreign Relations Atomic Energy and Agriculture Committees, and his wife don't dish up fancy foods at their elegant dinners throughout the season. It's just that a select and favored few of their friends ask for and get once a year the hearty rib-sticking specialty that Mrs. Hickenlooper learned to make from her German forbears.

Ranking guest at this year's feast was Sir Percy Spender, the

Australian ambassador, who professed his fondness for the dish after a previous tasting.

Use Fingers
"I told the guests they could pick the ribs up in their fingers," Mrs. Hickenlooper told me. "It's amazing how people like such simple food. Of course, it was only a part of the regular dinner. We went straight through from soup and fish to a fancy custard souffle for dessert."

Mrs. Hickenlooper says she prepares the main dish in an electric roaster which cooks, bakes and steams at the same time. She browns the spareribs first, then puts in the sauerkraut which she buys canned. She adds a bit of caraway seed, onion flakes, and a touch of poultry seasoning and tops it all with half an unpeeled apple which she later discards.

The senatorial couple, who have been in Washington 11 years, give a series of dinners for 12 or 14, twice each week throughout January and February and though the hostess has no regular help she hires a man to serve, and a couple of women to work in the kitchen.

Lots Of Shortcuts
"I do all the planning and cooking and I've gotten it down to a pattern, using a lot of shortcuts," she says.

About every other night during the season in the capital the senator and his wife are invited out to dinner. This requires "quite a lot of dashing" on the lawmaker's part since he's usually tied up late on Capitol Hill and has to rush home and change. Mrs. Hickenlooper says he enjoys eating at home when he can.

Byrd Asks Slash In Foreign Aid

WASHINGTON (AP) — Sen. Byrd (D-Va.) called today for cutting foreign aid spending in half. But Sen. Hayden (D-Ariz.) said he doesn't think Congress has "its knife out" for the program.

Byrd, chairman of the Senate Finance Committee, said in an interview he thinks a 50 per cent

reduction could be made in proposed foreign aid spending of somewhat under \$12 billion dollars in the bookkeeping year which began yesterday.

The Virginian said it's "up to the appropriation committees" to do the cutting. But Hayden, chairman of the Senate Appropriations Committee, said he doesn't believe there is any drive for material cuts in foreign aid funds.

Hayden said "I know I haven't got my knife out for the program and I don't know anybody on the committee who has."

Byrd said "The time has come when we ought to cut out all economic aid."

"As the program stands," he added, "it seems to me that expenditures are being about equally divided between economic and military aid."

CLAIM FRENCH BEES TELL TIME

NEW YORK (AP) — Experiments here with a swarm of visiting French bees show that the insects have an uncanny ability to tell time—especially when it's time to eat.

Dr. Max Renner, zoologist of the University of Munich, brought 5,000 Parisian bees to the American Museum of Natural History June 14.

In Paris Renner had trained them to forage for sugar water from 8.15 to 10.15 p.m. Paris time. He wanted to find out whether bees have an internal mechanism that recognizes time intervals.

A room at the museum here was converted into a duplicate of the bees' room in Paris. No sugar water was left for them the first three days. But the bees showed up for feeding at 3:15 to 5:15 p.m. EDT, which corresponds to the time they fed in Paris. Paris time is five hours ahead of New York time.

ACCIDENTAL MEDICATION
ST. LOUIS (AP) — The treatment applied by Patrolman Edward Hughes to an infant with an inch-long toy auto caught in her throat was effective, if accidental.

The baby, 13-month-old Diane Cadenbach, was turning blue when

the patrolman grabbed her from her mother's arms and dashed toward the police car. The patrolman slipped on wet grass and went down, taking the baby with him. Out popped the toy.

HERE'S WHY G-E ACTIVATOR ACTION WASHES CLOTHES CLEANER, WHITER, BRIGHTER

As you can see, your wash is dipped, flexed and gently cleansed—piece by piece as in fine hand laundering. All pieces pass again and again through 3 zones of action—vigorous, medium and light. This firm, steady motion is kind to the finest textiles (including the modern miracle fabrics) and yet its scientific washing action is designed to remove the heaviest soil and ground-in dirt, as found in work clothes and children's things. Smooth-surfaced plastic activator will never corrode or pit, our clothes will never be snagged or torn.
